

Pro On Duty :: A-la-Carte Menu

Skid Pad Session - \$250

Practicing just over the limit at low speeds builds confidence and sharpens car control in a safe setting. Learn to use the skidpad like a pro by building skills and muscle memory that translate directly to high-performance driving. For an additional \$250, get skidpad certified!

Right Seat Coaching Session - \$250

Drive alongside a *Pro Coach* for real-time, in-car feedback aimed at boosting your performance. Includes a pre-session briefing and post-session debrief—offering a glimpse into the benefits of Professional level coaching.

Data Overview Session - \$250

Unlock your full potential with a Data Overview session using your data system or an ECR AiM Solo2 to pinpoint what you're doing right—and where to improve. A *Pro Coach* will break down key metrics and provide clear, actionable feedback to elevate your driving.

Reference Lap - \$250

A *Pro Coach* will utilize 3-5 laps, including a warm-up and cool down, to set a reference time in your car using an ECR AiM Solo2—giving you a benchmark to measure against as well as Professional level feedback on your vehicle. Ride along for the session to observe firsthand.

Reference Lap + Data Overview Session - \$450

Add value by combining a *Pro Coach's* Reference Lap with a Data Overview Session.

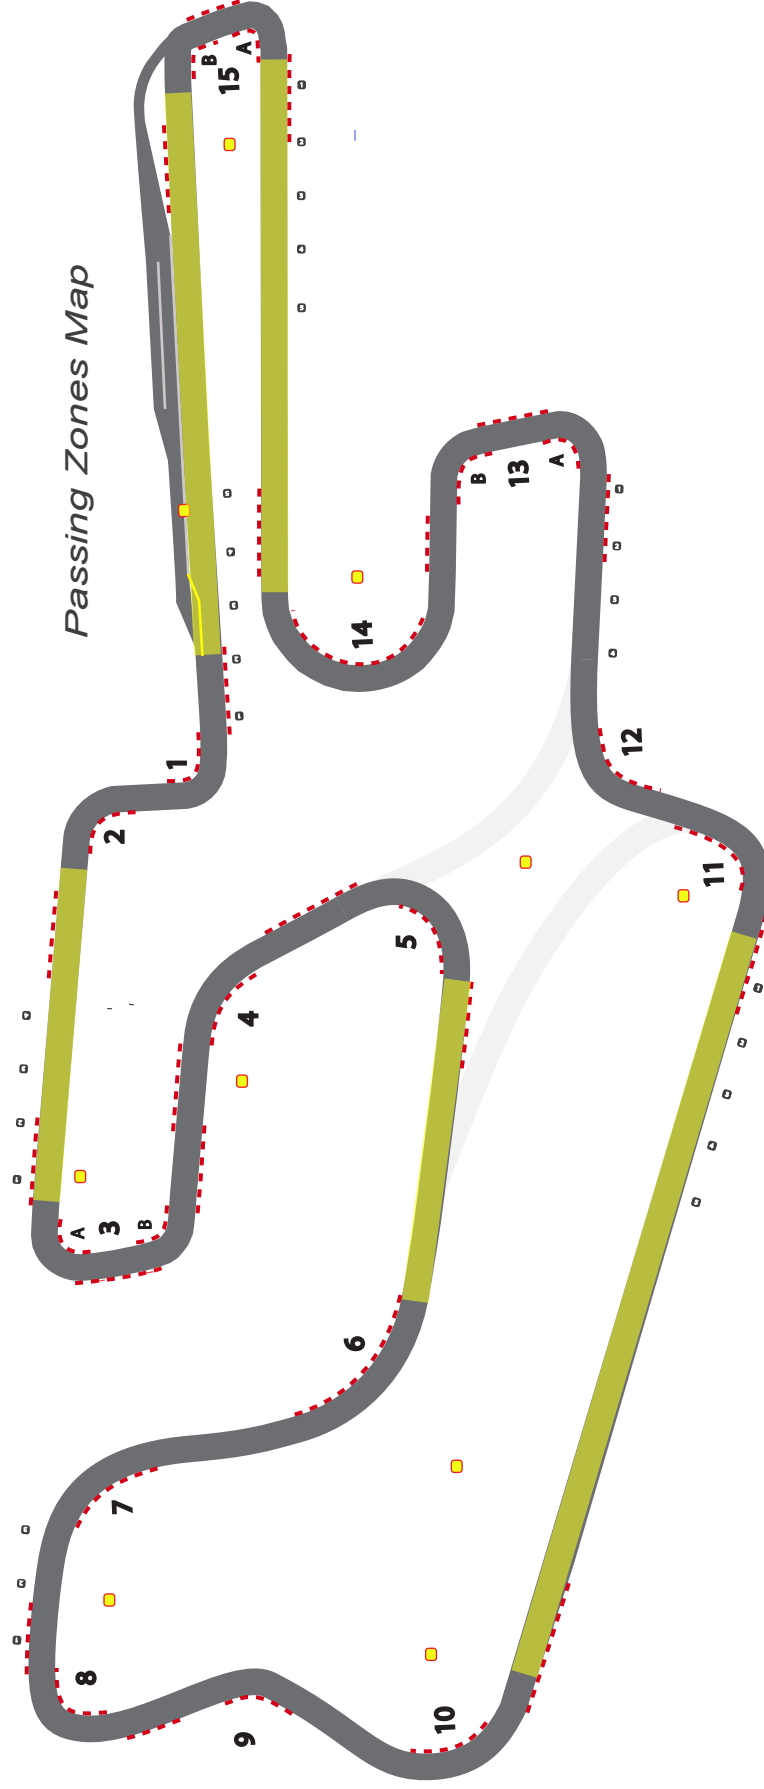

Lead & Follow Session - \$250

A *Pro Coach* will lead you in an ECR vehicle, visually guiding the ideal line, braking zones, and track flow. This hands-on approach accelerates learning and helps correct key trouble spots.

Simulator Session - \$100

Simulators are a powerful, low-risk way to build confidence and speed up your learning. With a *Pro Coach's* guidance, virtual seat time translates into real-world results—helping you improve faster on track.

*** Designed to provide members with a taste of *Pro Coaching*.
Only on ECR Pro-On-Duty days. Limit one per item, per member**
